The **BLACK INTERNATIONAL CINEMA BERLIN** is a yearly interdisciplinary, intercultural, international film/video festival produced and directed by **Fountainhead® Tanz Théâtre / THE COLLEGIUM - Forum & Television Program Berlin / “Footprints in the Sand?” Exhibition Berlin** in association with **Cultural Zephyr e.V.** and screens cinema from Africa, the African Diaspora and films from varied intercultural backgrounds or perspectives.

Black International Cinema Berlin originated from the historical Black Cultural Festival, which was produced and directed by Fountainhead® Tanz Théâtre in 1986 for the first time in Europe, a 3-week event in Berlin, which presented the contributions of Black people to world culture through film, theater, dance, music, workshops and seminars, and was an homage to the legendary tap dancer, Carnell Lyons.

Since then, Fountainhead® Tanz Théâtre produces and directs the Black International Cinema Berlin each year in Berlin and additionally, in other European and US-American cities.

The festival focuses on presenting works of an artistic, cultural or political nature coinciding with the general educational, social, artistic and economic interest of people from Africa, the African Diaspora and people with an interest in participating in intercultural communication and the resultant interfacing and sharing of educational, social, artistic and economic resources.

Furthermore, Black International Cinema Berlin is open to ALL filmmakers and contributes to better understanding and increasing cooperation between people from various cultural, ethnic, national and religious backgrounds, in order to reduce prejudice and support a peaceful and respectful living together in our multi-faceted societies.

Black International Cinema Berlin is a festival based upon our mission statement and the objectives and methods as stated within the entry form.
